About the GIPAs

The NUS trains students to be Green Impact Project Assistants. They can help you reach your targets in the workbook, and in turn you help them gain transferable skills, learn about environmental policy and get a certificate!

Interested students should email a short description (max 300 words) of why they want to get involved and what they could bring to a team to k.croasdale@sheffield.ac.uk by Wednesday October 31st. They also need to include their name, year of study and degree.

Stand out from the crowd: GIPAs receive training to help your GI team. Why not assign one as an Energy Fairy (C042)?

Seasonal recipe: scrumptious squash risotto

350g diced squash and sweet potato; olive oil; ½ tsp chilli flakes; butter; 2 diced shallots; 200g risotto rice; 600 ml hot vegetable stock; 1 heaped tbsp grated parmesan; baby spinach leaves

- Preheat oven to 190°C/fan 170°C/gas mark 5.
- Drizzle squash and sweet potato with olive oil, toss with chilli flakes and seasoning. Roast for 20 mins.
- Fry shallots in butter and 1tbsp olive oil for 5 mins. Add risotto rice and mix well. Add stock one ladleful at a time, while bubbling and stirring, until all stock is absorbed and rice is tender (about 20 mins).
